- Admin Setup:

When a user WITHOUT Admin access selects the setup screen, the following will be the interface.

Admin Setup

NAME : _____

EMAIL : _____

PASSWORD : _____

ID :

Position : _____

- When a user with administrative access selects the setup screen, the below will be the interface.

Feature: Admin Setup - Manage Members/Groups/Boards

Description: This will be a feature only accessible by admins in which they can add new employees, group employees together, and assign task boards to groups.

Manage Employees

Name	Pass	Admin	Actions

Board 4	[Edit] [Delete]

New Board

Enter Name:

[Cancel] [Add]

Select Group to add

Group 3

[Cancel] [OK]

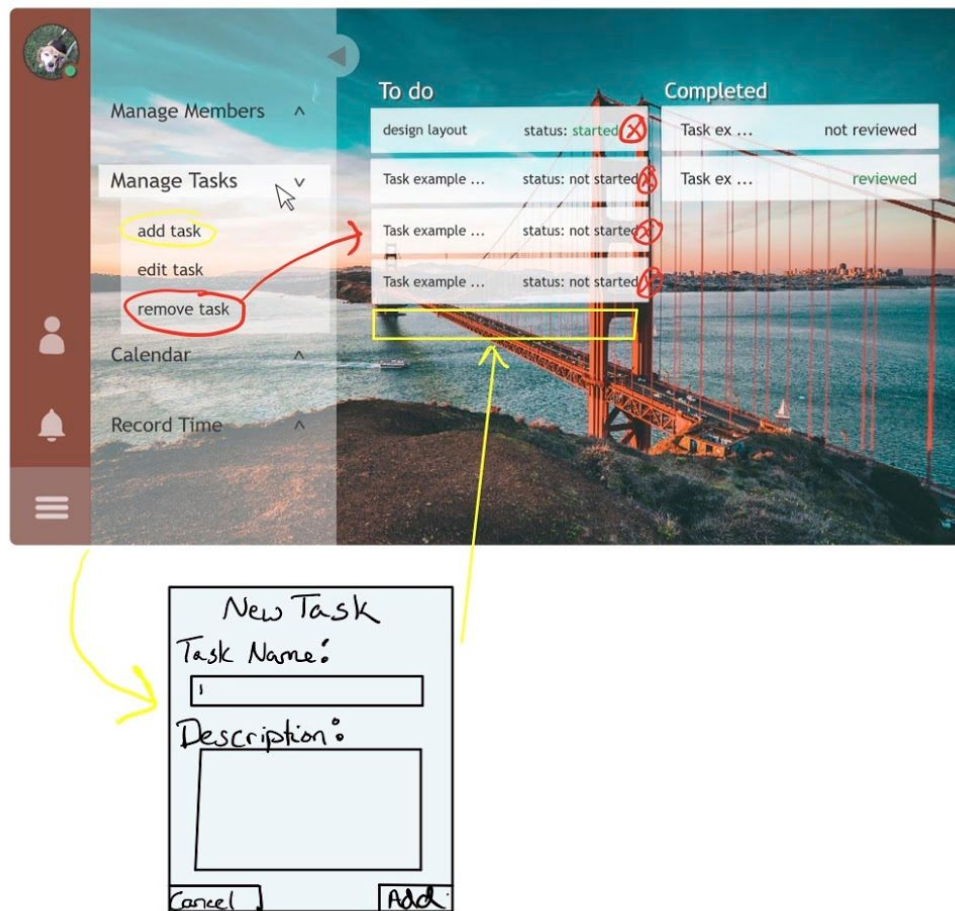

Edit Board

Enter Name:

[Cancel] [OK]

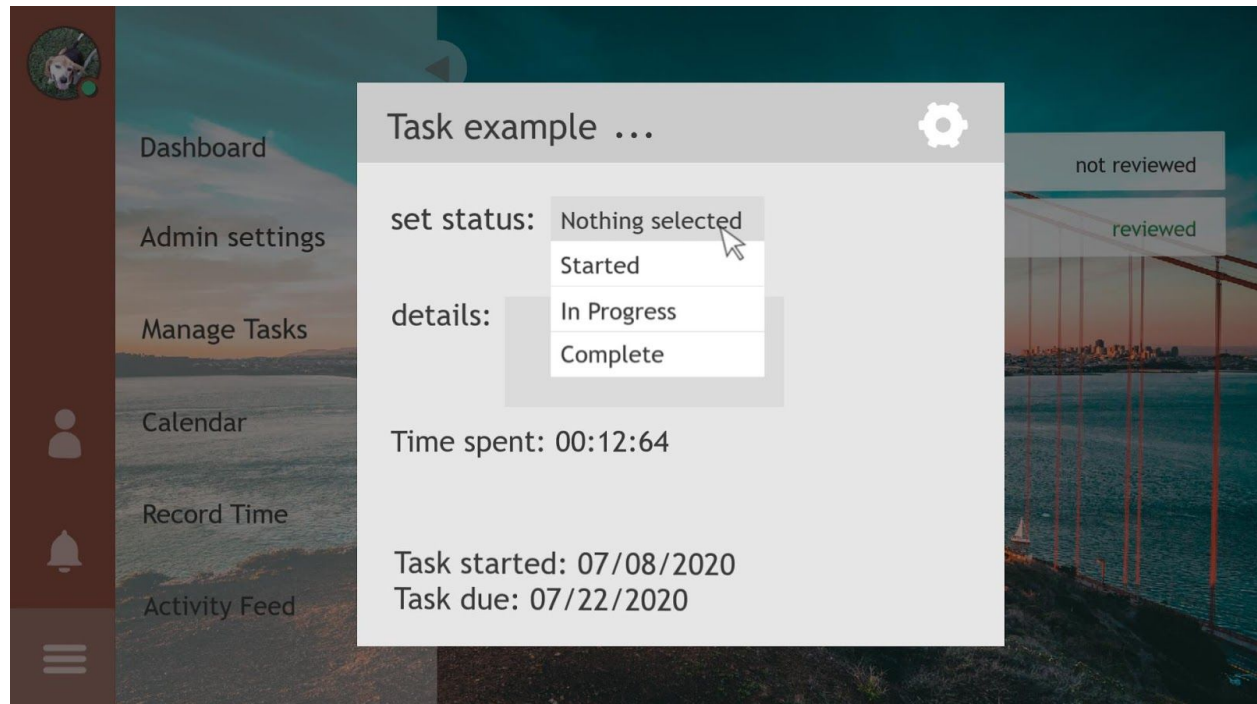

Notes: Yellow circles indicate pop ups that appear after clicking a button. Each employee will have user/password validation of 5-20 characters. Each group must have at least one employee and one employee can belong to multiple groups. Each board must have at least one group and one group can belong to multiple boards.

- Along with being an admin, you can manage groups, users, and boards. The admin can manage users in groups, whether to add or remove them from a group, and the admin can do this with entire groups as well in the boards.
- Manage tasks:

Notes: When the 'add task' button is clicked, the popup will appear that is drawn at the bottom of the page and when 'add' is clicked on the popup, it will go to the bottom of the to do list. When remove is clicked, red X's will appear next to tasks only in the to do section and clicking the X will remove it from the to do list. Edit task will create the same popup as add task, except the boxes will be filled with the task info that is being edited and clicking update will update that specific task's information.

- Task Progress:

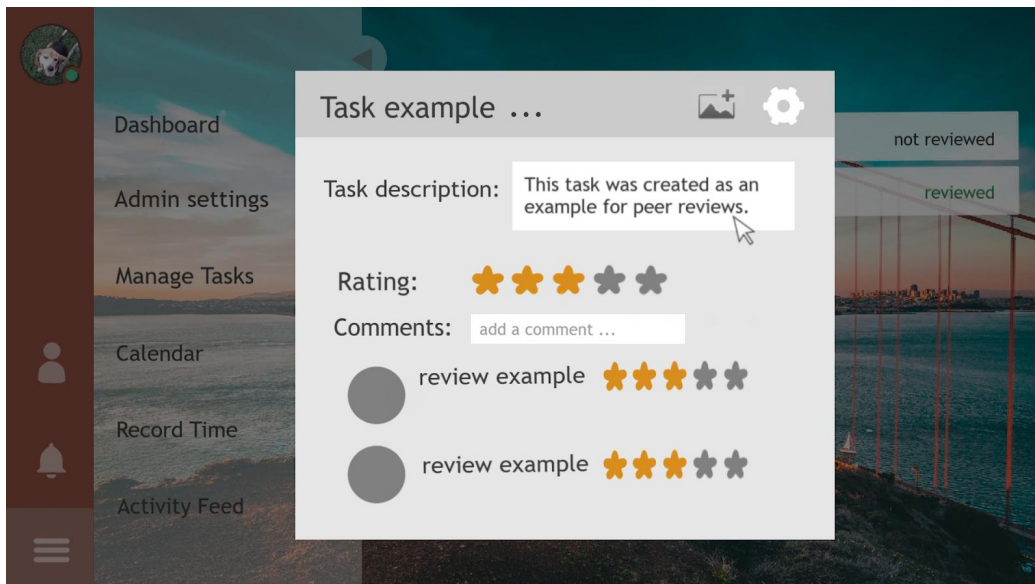

- You can set current task progress along with displaying the time that the user started the task. This also displays when the task was started and when it is due by, reminding the user when to finish the task by.
- Notifications:

- The user has the option to request help and set specific notification tones for each user.
- Time tracking:

- This panel simply displays the user's profile picture along with progress of the task that they are completing, with an addition of the amount of time that the user spent on that specific task.
- Peer review system:

Aditya, Rashaad, Samantha, Calista, Storm

-This panel is for the peer review system, each user can rate the task and leave a comment about their rating. Each will be displayed at the bottom. After reviewing, the “not reviewed” will change to “reviewed”.
